lavanto®healthcare:

Bowls Adapted for People with Disabilities made of Solid Surface Material.

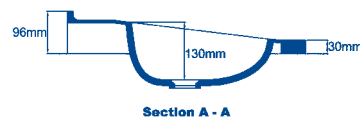

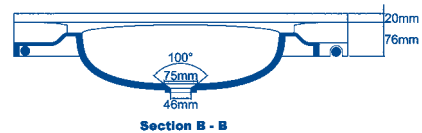

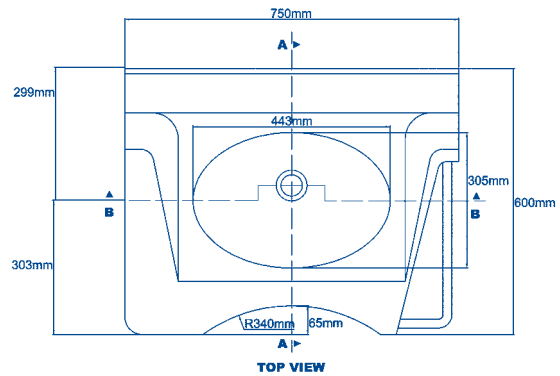

Pennello A.

HI-MACS® 750P-H

This bowl is available only in S28 Alpine White.

Pennello B.

Handle on the right

HI-MACS® 750PR-H

Handle on the left

HI-MACS® 750PL-H

This bowl is available only in S28 Alpine White.

The bowl can be manufactured with a multifunctional handle on either the left or the right side.

The Pennello bowls from the **lavanto®healthcare** series are adapted for people with disabilities and meet all requirements of people with physical disabilities in hospitals, in nursing homes and private living environments. The concave shape perfectly fits the body and allows both sitting and standing positions during daily personal hygiene. The affixed top-quality stainless steel multifunctional handle can be used for holding up, pulling up or as a towel holder. The Pennello bowls have no joints, edges or corners. That makes cleaning easier while satisfying all hygienic requirements.
