This bowl is available only in a limited colour range!

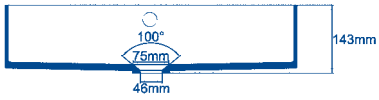

This bowl is available only in a limited colour range!

Trough-like bowls made of solid surface material. The modern bowls are perfectly suited for hotel or private bathrooms. Due to the gap-free fabrication and slightly rounded inside corners, the wash troughs can also be cleaned quickly and easily. You can choose from a vast range of colours. You can find compatible accessories, such as pop-up waste sets on page 58. The range of HI-MACS[®] colours is described on pages 70-73.

Fresco 600-265.
